

Anthem's Blue Access (PPO) 800-295-4119 for Member Service

How to Register for MyAnthem: Visit www.anthem.com enter the site by clicking on "member" and entering your state. Click on the MyAnthem Register Now message on the top left side of the screen, enter your personal information, pick a password and you're ready to go.

- Want to read over your certificate? A Certificate of Coverage is like the owner's manual for your specific health plan. It's filled with detailed information and definitely doesn't qualify as "light reading." But it's a great resource if you want to understand the nuts and bolts of your exact plan. Here's how to find it online
- Visit www.anthem.com and log in to MyAnthem
- Click on MyPlans
- Click on Certificate Booklet
- The link to your certificate will be displayed.

Your certificate is in Adobe format, which requires Adobe Acrobat Reader software. You can download the software for free at www.adobe.com/products/acrobat/readstep2.html FYI- your certificate could be more than 100 pages long. So you probably will only want to print those pages of interest.

Whether you're changing your address or ordering a new car, you're in control at MyAnthem. The site is secure and individually tailored to help you.

- Find a doctor or hospital
- Order a new ID card
